

Subject Code	AF5110
Subject Title	Theory and Practice of Accounting in China
Credit Value	3
Level	5
Normal Duration	One Semester
Pre-requisite / Co-requisite/ Exclusion	None
Role and Purposes	This subject aims to provide students with knowledge about Chinese accounting, auditing and corporate governance. It contributes to the achievement of the MSc Programme Outcomes by enabling students to <u>evaluate contemporary issues in Chinese accounting, auditing, corporate governance and ethics, analyze how the ongoing changes in financial reporting evolve with the developing institutions in China and interpret and use financial information of listed Chinese companies for business decision-making (Programme Outcome 1).</u>
Subject Learning Outcomes	Upon completion of the subject, students will be able to: <ul style="list-style-type: none"> a. <u>explain financial statements prepared according to the PRC accounting standards</u>, identify the major differences in financial reporting from the IFRS or HKFRS; b. <u>analyze contemporary issues on published accounting information of Chinese companies</u>, including changes in accounting standards, corporate governance, market regulations, and managerial incentives to manage earnings; c. <u>interpret and analyze auditing practices and audit quality</u> from the perspectives of the business enterprises and the auditing profession, taking into consideration the changes in Chinese auditing standards, accounting standards, corporate governance, market regulations and ethical issues in auditing practices.

	<ul style="list-style-type: none"> - The mid-term quiz consists of open-book questions covering lecture 1 through lecture 7. - The success of this course depends greatly on students' efforts in group work. Group of about 4-5 students each are expected to complete group assignment. - Each group will be assigned a case for in-depth analysis. A thorough paper summary report is required. - The final exam will be in-class, open-book, and comprehensive. It will consist of both computational and essay questions. <p>Note: To pass this subject, students are required to obtain Grade D or above in BOTH the Continuous Assessment and Examination components. In addition, the specific requirements on individual assessment components discussed above could be adjusted based on the pedagogical needs of subject lecturers.</p>	
Student Study Effort Expected	Class contact:	
	<ul style="list-style-type: none"> • 13 weeks of three-hour seminar 	39 Hrs.
	Other student study effort:	
	<ul style="list-style-type: none"> • Class preparations, reading subject materials/textbook, assignments and group discussions 	78 Hrs.
