About CAFR

Established in 1999 by The Hong Kong Polytechnic University (PolyU) in collaboration with Tsinghua University, China Accounting and Finance Review (CAFR) is the first refereed journal of accounting and finance published in the Greater China Region. The Journal has recently undergone significant changes to reshape its academic focus and to attract a global editorial board (https://af.polyu.edu.hk/research/our-journals/china-accounting-and-finance-review-cafr/). Beginning in 2019, CAFR will publish papers on global issues as well as on China-specific topics.
